## DOTD Appoints First Female Chief Engineer

BATON ROUGE, La.

Louisiana Department of Transportation and Development Secretary Sherri H. LeBas announced the appointment of Janice Poplin Williams as DOTD's first female Chief Engineer.

"I am pleased to announce the appointment of Janice as DOTD's Chief Engineer," said DOTD Secretary Sherri H. LeBas. "Her leadership, administrative abilities and communication skills will be a great asset to the department as we continue to move Louisiana forward."

Williams began her career as an engineer in training for DOTD's Road Design Section in June of 1985, after earning her bachelor's degree in civil engineering from LSU. During her 28 years with DOTD, she has served as project and program manager for over 1,000 projects. In June 2010, she was selected for her current position as Chief of the Project Development Division. Prior to this appointment, she served as the Chief of the Systems Engineering Division for four years.

Furthermore, in 2011, Williams received the Charles E. Dunbar, Jr. Career Service Award. This award is the highest honor classified state employees can receive for their service to the citizens of Louisiana and is awarded for commitment to classified service, contributions toward workplace improvement, personal initiative, and volunteer community service.

In addition, Williams served on the Federal Highway Administration's Pavement and Bridge Preservation Expert Task Groups. These national teams were created to promote pavement and bridge preservation, acceptance and implementation through the development of technical guidelines with the identification of related training and research needs. She also has served as one of the vice chairs of the Bridge Technical Working Group for the AASHTO Subcommittee on Maintenance.

"I am proud to be able to serve in this capacity for such a great organization," said Williams. "As Chief Engineer, I will continue to work in partnership with all of our stakeholders to ensure the continued improvement of Louisiana's infrastructure."

As Chief Engineer, Williams is replacing Richard Savoie, who retired last month after 34 years of service to the department. Savoie served in this position after being appointed in February 2010.

As the engineering leader of DOTD, the Chief Engineer provides guidance to a staff of more than 500 engineers, engineering technicians and support staff, while promoting innovation, continuous improvement and efficient use of resources. The Chief Engineer is responsible for establishing engineering standards, policies and procedures that guide project delivery, construction, and preservation of all transportation-related projects and systems. In addition, the Chief Engineer is accountable for the on-time and on-budget delivery of the DOTD Highway Priority Program.

# **FLOOD PREPAREDNESS & RESPONSE**

Floods can be serious catastrophes and they are one of the most common hazards in the United States. Floods can be caused by a variety of factors, including a sudden accumulation of rain, rising rivers, tidal surges, ice jams and dam failures.

OSHA and NOAA are working together on a public education effort aimed at improving the way people prepare for and respond to severe weather. This page is designed to help businesses and their workers prepare for floods, and to provide information about hazards that workers may face during and after a flood event.

Workers who have to respond to flooded areas face the greatest risks from floods, but all workers can help protect themselves by preparing evacuation plans and learning about the hazards commonly associated with floods.

The Preparedness page provides information on making an evacuation plan, emergency supply kits, and flood watches and warnings. This planning information can help you ensure that you are ready to evacuate in an orderly manner before rising waters impact your business or residence, or your evacuation routes.

The Response/Recovery page provides useful details on the hazards to avoid when flooding has occurred. This includes areas to avoid when using a vehicle, and safety and health hazards such as downed electrical lines, mold and wild animals.

## **Employer Responsibilities and Workers' Rights**

Each employer is responsible for the safety and health of its workers and for providing a safe and healthful workplace for its workers. Employers are required to protect workers from the anticipated hazards associated with the flood response and recovery operations that workers are likely to conduct.

OSHA's role is to assure the safety and health of America's workers. The OSHA at a Glance (PDF<sup>\*</sup>) publication provides information on the strategies and programs OSHA uses to promote worker safety and health. For additional information on Workers' Rights, Employer Responsibilities, and other services OSHA offers, visit OSHA's Compliance Assistance/Outreach Page, Workers Page and Publications.

This article was taken from the OSHA website. For more information on this topic, visit [www.osha.gov](http://www.osha.gov)

## EVENTS & WORKSHOPS

### **Delgado Community College**

#### **[I Have Employees! Now What? Part 2](#)**

Tuesday, July 15, 2014 2:00 PM to 5:00 PM

Topic: Human Resources

This workshop is designed for small business owners and managers with 2 or more employees ready to increase their staff size and grow. Whether you decide to hire employees or independent contractors, you have certain legal requirements. You need to find out what these requirements are and what you need to know about the people who work for you. Topics include: - Leave Issues -Discrimination and Sexual Harassment in the Workplace -Background Checks -Exempt vs. Non-Exempt Under the FLSA

Speaker: MaryJo Roberts, Phelps Dunbar Alex Glaser, Phelps Dunbar

Location: [Delgado Community College, Student Life Center 1st Floor, Dolphin Den](#)

Fee: \$ 20.00

### **Historic First Street School**

#### **[1418: Starting & Financing A Small Business](#)**

Tuesday, July 15, 2014 3:00 PM to 5:00 PM

### **Louisiana Technology Park**

#### **[Starting and Financing a Small Business](#)**

Tuesday, July 15, 2014 10:00 AM to 12:00 PM

Topic: Start-up Assistance

This workshop is highly recommended for all individuals interested in determining the feasibility of their business idea, planning to start or have recently started a small business, seeking a small business loan or wanting to learn more about business planning. Topics of discussion will include writing a business plan, sources of funds for start-up and expansion, small business resources, and required licenses.

Location: [Louisiana Technology Park, Baton Rouge](#)

### **[8\(a\) Certification Boot Camp](#)**

Wednesday, July 16, 2014 10:00 AM to 12:00 PM

Topic: Government Contracting

This 8(a) Certification Boot Camp is highly recommended for all individuals interested in Government Contracting. At the end of this boot camp, you will have a thorough understanding of the process of being 8(a) certified. Information will be presented on 8(a) eligibility criteria, GLS, Login, application process, and how the programs work. We will also discuss CCR and SBSS registration and provide general information on doing business with the Federal Government. Detailed information will be provided on the primary purpose of the Section 8(a) Program (business development); the eligibility criteria; length of time in business requirement; how the business development and contracting aspects of the program work; the firm's responsibility as an 8(a) Program Participant; Electronic Application process; reporting requirements; the importance of updating CCR registration and the SBSS supplemental profile.

Location: [Louisiana Technology Park, Baton Rouge](#)

### **LSBDC at Southeastern Louisiana University: Main Office [Social Media Day Event! - Social Media Savvy: Your Q&A - Hammond](#)**

Monday, June 30, 2014 9:00 AM to 11:00 AM

Topic: Marketing and Sales

In honor of National Social Media Day (#SMDay) on June 30th, the Louisiana SBDC at Southeastern Louisiana University will host a panel discussion that will focus on how local businesses can take better advantage of Facebook, Twitter, YouTube, blogging and other social media. As the world spends more and more time connecting through social media like LinkedIn, Instagram and Pinterest, small businesses find themselves confronted by new challenges and opportunities if they want to be plugged into the rapidly expanding new channels of public engagement. Business owners, local professionals, social media managers/administrators are invited to attend. Questions, tips and insights from the audience will be encouraged.

Speaker: Kim Walker - 5 Stones Media J.R. Portman - Google Trusted Photographer and Digital Marketing

## EVENTS & WORKSHOPS

### [Annie's Project - Risk Management Education for Farm and Ranch Women - Hammond](#)

Thursday, July 17, 2014 5:30 PM to 8:30 PM, 1 sessions ending Thursday, August 21

Topic: Managing a Business

Annie's Project helps farm women learn about farm management skills in a comfortable setting. Annie was a woman who grew up in a small town in Northern Illinois. Her goal was to marry a farmer and she did. Annie spent her lifetime learning how to be an involved business partner with her farm husband. Together they did great things, but it wasn't easy. This is Annie's Project – to take her experiences and share it with farm women living and working in a complex business. The program is composed of six educational sessions to be held on Thursday nights in July and August 2014 from 5:30pm to 8:30pm. Class dates are: \*Thursday, July 17th \*Thursday, July 24th \*Thursday, July 31st \*Thursday, August 7th \*Thursday, August 14th \*Thursday, August 21st Topical areas will include: \*Financial ratios, balance sheets, and record keeping systems, enterprise analysis \*Human communication and management styles, insurance needs, succession planning \*Legal and environmental issues, estate laws, property title, employee requirements \*Marketing plans, access to market information, contracts, basics of futures and options \*Production tools, farmland leasing, USDA programs, soil maps, crop insurance

Speaker: Various

Location: [LSBDC at Southeastern Louisiana University: Main Office, Southeast Louisiana Business Center, \\*Hammond](#)

Fee: \$ 75.00

### **LSBDC at Southern University: Main Office**

#### [SAM \(System for Award Management\) Training](#)

Wednesday, July 16, 2014 1:30 PM to 3:30 PM

Topic: Not Set

The goal of this workshop is to walk participants through completion of their SAM Registration. For those who were registered in CCR, assistance will be provided in migrating their legacy CCR account. All contractors wishing to do business with most all federal agencies

are required to register in the SAM. This is done by first creating an account. The registration must then be renewed and/or updated annually. It is very important that the information entered into SAM be accurate, detailed, current and complete.

Location: [LSBDC at Southern University: Main Office, \\*Baton Rouge](#)

### **LSBDC at the University of Louisiana at Monroe**

#### [Starting and Financing a Small Business](#)

Thursday, July 17, 2014 6:00 PM to 8:00 PM

Topic: Start-up Assistance

This workshop is highly recommended for all individuals interested in determining the feasibility of their business idea, planning to start or have recently started a small business, seeking a small business loan, or wanting to learn more about business planning. Topics of discussion will include writing a business plan, sources of funds for start-up and expansion, small business resources, and required licenses.

Location: [LSBDC at the University of Louisiana at Monroe, Hemphill Hall Room 113, \\*Monroe](#)

### **LSBDC at ULM Training Event**

#### [Summer Success Series](#)

Thursday, July 10, 2014 11:30 AM to 1:00 PM

Topic: Managing a Business

Attracting and retaining customers can be tricky. To make it easier, the LSBDC in partnership with Downtown Monroe Alliance, is hosting a five-part series specifically designed to help small businesses improve SALES! During this lunch and learn format, leading business experts will teach you how to: • Understand your competition. (July 10th) • Position your business for growth. (August 7) • Market your business in the digital age. (September 18) Event Details: Restaurant Cotton 101 North Grand Street Monroe, LA 71201 11:30 AM - 1:00 PM (All Sessions) Space is limited, therefore pre-registration is strongly recommended. Please be aware that participants will be responsible for the cost of their meal. Click below to register online. For questions or to pre-register by phone, call (318) 342-1224.

## EVENTS & WORKSHOPS

### **LSBDC Greater New Orleans Region: Main Office**

#### **Starting & Financing a Small Business**

## DBE PROFILE

**KINGDOM INDUSTRIES, LLC** is a highly capable Construction Management firm that offers various goods and services to Owners, Engineers, & General Contractor's throughout the pre-construction, construction, and post-construction phases. **KINGDOM INDUSTRIES'** core business areas are Project Management, Construction Management, Environmental Management, Construction Services, Logistics Solutions, and Planning.

### What We Do

Our firm executes and manages the resources, subcontractors, materials, and equipment outlined by our clients to successfully complete their projects. To better assist our client, Kingdom Industries is broken down into (2) divisions: Construction Services & Procurement. Under our Construction Services Division, we prepare SWPPP's, install & maintain erosion control measures, install and maintain traffic control measures, provide contract labor, and provide reliable subcontractors, just to name a few. Under our Procurement Division, we're also capable of providing materials to assist the Client's needs. You can rest assured that Kingdom Industries will provide you with quality Goods and Services.

### About Us

**KINGDOM INDUSTRIES** is based out of Port Allen, Louisiana and is focused on providing our services, to the Governmental & Private sectors. Our broad scope of capabilities also includes providing technical services, assisting with environmental-related services, and managing site safety and investigation programs. The firm was established by Mr. Leonard C. White, Jr., the current President and CEO. At **KINGDOM INDUSTRIES**, Mr. Leonard's primary goal is to build relationships with future and present clients.

His plan is to "partner" with other companies with the same goals and visions to secure contracts with agencies such as the Army Corp of Engineers, Department of Agriculture, Department of Energy, Louisiana Department of Transportation & Development, the Department of the Army, and State and local governments.

Prior to starting **KINGDOM INDUSTRIES**, Mr. White held several positions as a Project Manager, Cost Engineer, Field Engineer, and Estimator for (2) large construction firms. Mr. White began his career with Cajun Constructors, a highly respected prime construction firm, in Baton Rouge La. He holds a Bachelor's Degree in Civil Engineering from Southern University A&M College.

**KINGDOM INDUSTRIES** is your "go-to" Construction Management Firm and we are looking forward to connecting with other great companies in the near future.

### Company Certifications

**KINGDOM INDUSTRIES** holds the following designations:

- DBE (Disadvantage Business Enterprise) - Certified by The Louisiana Department of Transportation & Development
- SBE (Small Business Enterprise) – Certified by The Louisiana Department of Transportation & Development
- SDB (Small Disadvantage Business) – Certified by the Federal Government
- Fair Share Program – Certified by the Cities of Lake Charles & Shreveport

## *What can SJB Group do for You?*

**SJB Group, LLC** can provide **free assistance** to certified LADOT DBE firms in the following areas:

**SJB Group can assist you by:** preparing company business cards, profile sheets, and providing information on recommended target areas for your marketing efforts.

**By acting as a liaison** between the DBE Contractor and Prime Contractor for project information, and in problems occurring on the jobsite.

**By informing** of upcoming LADOT lettings, and project information for other agencies throughout the state. SJB can assist you in locating bid tabulation information as well.

**By providing** assistance and guidance on material takeoffs, bid preparation and estimating, project scheduling, and planning for projects that DBE firms are bidding or plan to bid in the near future.

**By helping** with office computer operations to include trouble-shooting problems, Internet access and software installation, and basic to technical computer training.

**By assisting** in financial areas such as loan and bond package preparations, company financial statements, business plan preparation, and SBA 8(a) and Hub-Zone certification packages.
